

DNSOP

DNS Operations

interim-2021-dnsop-03
15 December 2021

Welcome to DNSOP

Chairs

- Benno Overeinder <benno@NLnetLabs.nl>
- Tim Wicinski <tjw.ietf@gmail.com>
- Suzanne Woolf <suzworldwide@gmail.com>

IESG Overlord

Warren Kumari <warren@kumari.net>

New: Twitter Handle!

@ietf_wg_dnsop

Jabber Room

- dnsop@ietf.jabber.org

Minutes

<https://notes.ietf.org/notes-ietf-interim-2021-dnsop-03-dnsop>

Minutes: volunteer/DNSOP chairs

Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in [BCP 79](#); please read it carefully.

As a reminder:

By participating in the IETF, you agree to follow IETF processes and policies.

If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion.

As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public.

Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement.

As a participant or attendee, you agree to work respectfully with other participants; please contact the [ombudsteam](#) if you have questions or concerns about this.

Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

[BCP 9](#) (Internet Standards Process)

[BCP 25](#) (Anti-Harassment Procedures)

[BCP 78](#) (Copyright)

[\(Privacy Policy\)](#)

[BCP 25](#) (Working Group processes)

[BCP 54](#) (Code of Conduct)

[BCP 79](#) (Patents, Participation)

IETF Code Of Conduct Guidelines RFC7154

1. Treat colleagues with respect
2. Speak slowly and limit the use of slang
3. Dispute ideas by using reasoned argument
4. Use best engineering judgment
5. Find the best solution for the whole Internet
6. Contribute to the ongoing work of the group and the IETF

Agenda

- DNS Terminology
 - Paul Hoffman, 30 min

- Delegation Revalidation by DNS Resolvers
 - Shumon Huque, Paul Vixie and Puneet Sood, 25 min

Bailiwick

(summarizing from dnsop)

Sibling zones: two zones whose delegations are in the same parent zone.

Sibling glue: addresses of nameservers that are in a sibling zone.

(draft-ietf-dnsop-glue-is-not-optional uses "In-Domain Glue" as an option)

- Suggestion on keeping separate glue definitions for DNS protocol vs registry requirements.

Bailiwick

in-bailiwick - is it a property of:

- a nameserver

- the NS/A records of the QNAME
