Minutes: volunteer/DNSOP chairs
Note Well

This is a reminder of IETF policies in effect on various topics such as patents or code of conduct. It is only meant to point you in the right direction. Exceptions may apply. The IETF's patent policy and the definition of an IETF "contribution" and "participation" are set forth in BCP 79; please read it carefully.

As a reminder:

By participating in the IETF, you agree to follow IETF processes and policies. If you are aware that any IETF contribution is covered by patents or patent applications that are owned or controlled by you or your sponsor, you must disclose that fact, or not participate in the discussion. As a participant in or attendee to any IETF activity you acknowledge that written, audio, video, and photographic records of meetings may be made public. Personal information that you provide to IETF will be handled in accordance with the IETF Privacy Statement. As a participant or attendee, you agree to work respectfully with other participants; please contact the ombudsteam if you have questions or concerns about this. Definitive information is in the documents listed below and other IETF BCPs. For advice, please talk to WG chairs or ADs:

- BCP 9 (Internet Standards Process)
- BCP 25 (Anti-Harassment Procedures)
- BCP 78 (Copyright) (Privacy Policy)
- BCP 25 (Working Group processes)
- BCP 54 (Code of Conduct)
- BCP 79 (Patents, Participation)
1. Treat colleagues with respect
2. Speak slowly and limit the use of slang
3. Dispute ideas by using reasoned argument
4. Use best engineering judgment
5. Find the best solution for the whole Internet
6. Contribute to the ongoing work of the group and the IETF
Agenda

● DNSSEC Automation
  ○ Ulrich Wisser

● Automatic DNSSEC Bootstrapping using Authenticated Signals from the Zone's Operator
  ○ Peter Thomassen
